FINANCIAL MANAGEMENT CONSULTANT TO SUPPORT DPF-MPWT (RE-ADVERTISEMENT)

REFERENCE No. CRRCIP-IC-004

The Government of Lao Peoples Democratic Republic (GoL) has received financing support from the World Bank's (WB) International Development Association (IDA) to implement the Lao PDR Climate Resilient Road Connectivity Improvement Project (CRRCIP), and intends to apply part of the proceeds for consulting services.

The proposed of Climate Resilient Road Connectivity Improvement Project (CRRCIP) seeks to build about 300 km of District Roads and Rural Roads in the poor districts of Khammouan, Savannakhet, and Saravan provinces. About 100 km of roads in each of the provinces will be selected from the roads in this longlist through a prioritization exercise based on aspects which include: (i) passing through a poor district – based on poverty headcount, (ii) criticality of the link for climate resiliency of the network, (iii) connectivity to agricultural areas, (iv) population served by the road, (v) traffic level, (vi) not passing through environmentally sensitive areas, and (vii) no resettlement of more than 200 people (or 40 households) and/or more than 40 households severely affected with 10 percent of productive assets owned by individual household lost in all three target provinces.
